

Anti-Sectarianism project **1.3) Using this toolkit - Quick guide**

Please follow these 5 steps to get started using our anti-sectarianism toolkit.

- 1) Contents List**
For step 1, check out section 1.1) for a list of everything that's included in the toolkit.

- 2) Colour Coding**
Use the colour coded sections to quickly find resources/support for a specific area of work. eg. PURPLE for group related work

- 3) Hard copies**
If you need any hard copies of resources, the majority can be found online @ www.actiononsectarianism.info and are also included in section 2 b) (memory stick)

- 4) Delivery**
Feel free to follow the session plans step by step, if your prefer, experiment to create your own unique activities.

- 5) Have fun!**
Lastly, although exploring sectarianism can be challenging, try your best to have fun. An enthusiastic worker can go a long way to help people engage in the topic.
