

Local Opportunities for Older People

Rewarding Volunteering Opportunities

**Signposting Older People to Local
Opportunities in North East Edinburgh**

Can you help us?

Do you know someone who is 65 or over who is spending a lot of time at home?

North East Edinburgh LOOP Project involves trained volunteers helping isolated older people for a time limited period (of up to 6 weeks). The volunteer who is police checked will support the older person, to engage in local opportunities and useful information, which the older person can access in their own home.

The Development Worker will meet the older person and have a chat about what they might be interested in doing and then match them up with an appropriate volunteer.

This is a FREE service

Volunteers Needed

Or you may be interested in volunteering yourself?

- We are looking for volunteers, to support and encourage socially isolated older people in their own homes, to engage with useful information and local opportunities.
- We are also looking for volunteers to staff our monthly Information Stalls in the local community. The stalls provide information about local services and opportunities which are available to older people in North East Edinburgh.

Volunteers are trained and supported,
and are entitled to expenses.
